1967-68 PROGRAMME
PROJECT DATA SHEET

<u>COUNTRY</u>	<u>PROJECT NUMBER AND TITLE</u>	<u>ORGANIZATION</u>
BRAZIL	558-65/66 Adult Education	UNESCO

a. Duration, project components and estimated cost.

Year	Experts		Fellows		Equipment Supplies and Services US \$	Total US \$
	m/m	cost US \$	/m	cost US \$		
1967	-	-	-	-	-	-
1968	1/12	22,000	-	-	-	22,000

b. Nature of project.

(i) Main objectives

To assist the Ministry of Education to undertake a comprehensive study of the needs and problems of adult education; to outline a scheme for the organization of technical services of adult education on a national scale; to prepare specific adult education programmes and projects for implementation in selected areas of Brazil; and to contribute to the training of personnel for adult education, including literacy.

(ii) Relation to development plans or targets

The implementation of this project will permit the Government to avoid the great wastage of human resources due to the existence of very large numbers of adults at present lacking basic education and, therefore the opportunity of leading a productive life and of enjoying the benefits of culture and social and economic advancement. The project is related to the national development programme of Brazil.

(iii) Relation to similar or complementary projects

The project is part of the country's overall educational plan; it is specifically related to the project in educational planning and in teacher training.

1967-68 PROGRAMME

PROJECT DATA SHEET

<u>COUNTRY</u>	<u>PROJECT NUMBER AND TITLE</u>	<u>ORGANIZATION</u>
BRAZIL	251-67/68 Literacy Campaign	UNESCO

a. Duration, project components and estimated cost.

Year	Experts		Fellows		Equipment Supplies and Services US \$	Total US \$
	n/m	cost US \$	n/m	cost US \$		
1967	-	-	-	-	-	-
1968	2/3	5,500	-	-	-	5,500

b. Nature of project.

(i) Main objectives

To assist the Government, within the framework of the Experimental Literacy Programme, in identifying enterprises to which the introduction of intensive literacy programmes will enhance productivity and improve professional skills. The mission will advise in the establishment of work oriented literacy projects.

(ii) Relation to development plans or targets

The project will constitute an essential part of the plan for economic and social development.

c. Counterpart support of the Government.

(i) Facilities

Adequate facilities will be supplied by the Government.

(ii) Personnel

The Government will designate a group of three or four national counterparts to cooperate with the planning mission.

d. Future of project.

The literacy projects to be planned with international assistance, linking literacy to economic development, should lead to higher productivity and, therefore, to new national resources for further national literacy investments.
